### St. Nicholas, Scribner's Illustrated Magazine For Cirls and Boys,

An Ideal Children's Magazine.

Messrs. Saribner & Co., in 187 began the publication of St, Nigholas, an Illustrated Magazine for Girls and Boys, with Mrs. Mary Mapss Dodge as editor. Five years have passed since the first number was issued, and the Magazine has won the highest position. It has a monthty circulation of

OVER 50,000 COPIES. It is published simultaneously in London and New York, and the transatiantic recognition is almost as general and hearty as the American. Although the progress of the Magazine has been a steady advance, it has not resched its editor's ideas of best, begause her ideal continually outruns it, and the Magazine as swiftly follows after. To-day St. Nicholas will sost but a postage stamp.

GOOD THINGS FOR 1878-9. The arrangements for literary and art contributions for the new column -the sixth-are complete, drawing from already favorite sources as well as from promising new ones. Mr. F. R. Stockton's new serial story for boys

"A JOLLY FELLOWSHIP,"

will ran through the twelve monthy parts-beginning with the number for November, 1878, the first of the volumn-and will be illustrated by J. E. Kelly. The story is one of travel adventure in Florida and the Bahamas. For the girls, a continued tale, "HALF A DOZEN HOUSEKEEP-ERS,"

by Katharine D. Smith, with illustrations by Frederick Dielman, begins in the same number; and a fresh sorial by Susan Coolidge, entitled "Eyebright," with plenty of pictures, will be commenced early in the volume. There will also be a continued fairy-tale called

"RUMPTY DUDGET'S TOWER," written by Julian Hawthorne, and illustrated by Alfred Fredericks .-About the other familiar features St. Nicholas, the editor preserves a gooe humored silence, content, perissued, prophesy concerning the Kansas City, St. Joe.& Council Bluffs sixth, in respect to short stories, pictures, poems. humor, instructive sketches, and the lure and lore of Is the only direct line to ST, "Jack-in-the-Pulpit," the "Very Lit-FOREST CITY and all tle Folks" department, and the "Let- Northwest Misiouri and the ter box," and "Riddle box."

SEVERAL REQUISITES" Of Such Instruments!

The Mason & Hamlin Organ Co. have the honor to announce that the organs of their manufacture have been unanimously assigned "the First it ask in the acveral requisites of instruments of the class" by the judges at the Centennial Exhibition at Philhadelphia, 1876, and are the only instruments of this general class awarded this rank. This is after the severest competition by the best makers, before one of the most competent juries ever assempled.

They have also received the hiedsi, but, as is well known, medials of equal merit have been awarded all articles deemed worthy of recognition so that it will be easy for makers to advertise that they have received "first medals."

The difference in competing articles and their comparative excellence, are recognized in the reports of the judges, from which the following is an extract:

"The Museu & Hamiin Organ Co 's exhibit of Reed Organs and Harmoniums shows instruments of the first rank in the several requisites of instruments of the class, viz.: Smoothness and equari distribution of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with theroughness of workmanship, combined with simplifity of action." (Signed by all the judges.) The Ms on & Hamilin Organs are this declared to rank first, not only in one of two respects, but in the several requisites of such Instruments, and they are the only ones assighed this rank. This triumph was not unexpected, for the Mason & Hamilin Cabinet Organs have uniformly been awarded the highest honors in competitions. They were awarded highest honors and

This Cyclopaedia, the first edition of which was completed in 1853, having proved its attaction to the general wants by a very extensive sale, has now undergone complete revision, and, while preserving its well-known character comes forth essentially a new work. Conciderable portions of the original remain intact, where nothing has occurred to impart the accuracy of the statements; yet such are the activity of the research and the vigilance of criticism in all departments of knowledge that but few subjects remain unaffected, and a large number of articles have required to be added at amplified, corrected or retreached, so as to make the work thoroughly trustworthy, and to bring its multi-udinous contents into proper symmetry sad proportions. The changes in the new edition are marked. It has been freely illustrated throughout wherever engravings could help the text, and the scientific and political articles have been all rewritten, while the utmost care has been taken to bring the endiess details up to the latest standard of accuracy. Of course, the work is not free from imperfections, because knowledge itself is imperfect, but whatever could be done by the ability and experience of the cliters, by their extensive cross of able [From the Popular Scientific Monthly, Sep. For heavy sewing they haven orivial; the arm giving space enough for the heaviest goeds to ease under, while in the work they do their work with a rapidity and not selessness perfectly asionishing. We find here seven different styles of Machines—varying only in the finish; all are equally good and, we believe, as near perfection as the much improved sewing machine can be. These perfeas Machines can be bought at prices ranging from \$25 to \$40. Those in search of a cheap, threshle and perfect Machine can do no better that to examine and purchase these Machines. (Landmark, Platte city, Mo., September 3, 1871.)

B. Whiteley, General Manager of the 'White' is Shuttle Sewing Machine is on the Fair Grounds, and making a very the display of the different varieties of his Machine. Mr. Whiteley has met with unprecedented success in our country and ection, and we have yet to hear a word of dissatisfaction express in regar; in what he claims for the 'Wh...' In fact many for our est instrument seen in Floral Hall on entering

elaims for the "Whe." In fact many for our citizans are exchanging their multichaniard Machines for the "White,", feeling satisfied that it is the bett as well as the cheapest. Owing lot the unprecedented number of orders soming in, Mr. Whiteley has been compelled to appear a extra agent for this county, and no machine agent will come in competition with the "White"—In fact, this Machine is earrying by storm everything in the shape of a Sewing Machine, that comes in content with it.
